HEART AND VASCULAR SPECIALISTS

CARDIOLOGY SPECIALISTS

Our team of expert cardiologists is here to help you with the medical management of your heart disease. Working closely with your primary care provider, we offer consultations, preventive treatment options, an anticoagulation clinic for those prescribed blood thinning medications, and heart failure clinic to help your heart get healthy and keep you where you are comfortable – at home.

James Adisey, MD, FACC
Fellowship:
Cardiology
Western Pennsylvania Hospital,
Pittsburgh, PA

Summa Health Heart and
Vascular Institute, Akron, OH

Subhashish Pal, MD, FACC
Fellowship:
Cardiology
University of Pittsburgh
Medical Center, Pittsburgh, PA

Mary Augustine, CRNP; Danielle Bajus, CRNP; Janine Meneghini, CRNP; Diane Navarre, CRNP; Dawn Repak, CRNP; Shannon Trainer, CRNP; Chantal Trice, CRNP; Stacy Trybus, CRNP; Abigail Young, PA-C

INTERVENTIONAL CARDIOLOGY SPECIALISTS

Our team of interventional cardiologists diagnose and treat coronary artery disease and structural heart disease. Treatments for these diseases often include coronary bypass grafting (CABG), coronary and peripheral angioplasty, transcatheter aortic valve replacement (TAVR), Mitral Clip and other valve repair/replacement procedures, and cardiac catheterization. Your interventional cardiologist may use specialized imaging or other diagnostic techniques to ensure that blood flow and pressure in the arteries and chambers of the heart are operating normally.

Nevin Baker, DO, FACC, FSCAI
Fellowships:
Cardiology
Geisinger Medical Center, Danville, PA
Interventional Cardiology
Georgetown University -
Washington Hospital Center, Washington, DC

Ragoor Reddy, MD
Fellowship:
Cardiology
Wayne State University, Detroit, MI

Juan Chahin, MD, FACC, FSCAI

Cardiovascular Disease
Western Pennsylvania Hospital, Pittsburgh, PA

Neeraj Shah, MD
Fellowships:
Cardiology
Lankenau Hospital, Wynnewood, PA
Mount Sinai Hospital, New York, NY
Lehigh Valley Health Network-Cedar Crest,
Allentown, PA

Fouad Jabbour, MD
Fellowship:
Cardiology
Allegheny General Hospital, Pittsburgh, PA

Mary Augustine, CRNP; Danielle Bajus, CRNP; Janine Meneghini, CRNP; Diane Navarre, CRNP; Dawn Repak, CRNP; Shannon Trainer, CRNP; Chantal Trice, CRNP; Stacy Trybus, CRNP; Abigail Young, PA-C

Cardiac and vascular services are conveniently located throughout Westmoreland County:

- Cardiac Catheterization
- Cardiac Rehab
- Cardiac Surgery (only performed at Westmoreland Hospital)
- Echocardiography
- Electrophysiology Procedures
- Nuclear Stress Testing
- Office Consultations
- Vascular Surgery
- Vein Center

A variety of clinics are available to guide patients looking for additional support:

- Anticoagulation Clinic
- Claudication Clinic
- Heart Failure Clinic
- Pacemaker/ICD Clinic

CARDIOTHORACIC SURGICAL SPECIALISTS

When an advanced cardiac issue arises, a team of highly trained cardiothoracic surgeons is here to take control of your heart health. These surgeons perform open heart procedures – by passing blockages and fixing or repairing faulty heart valves when necessary through minimally invasive cardiac surgery and robotic surgery. Cardiothoracic procedures are all completed at Westmoreland Hospital in Greensburg.

Daisuke Kaneyuki, MD
Fellowships:
Cardiovascular Surgery
Mayo Clinic, Rochester, MN
Thomas Jefferson University Hospital, Philadelphia, PA (Minimally Invasive, Robotic)
Columbia University, New York, NY (LVAD, Transplant)

Mitsugu Ogawa, MD, PhD
Fellowship:
Cardiothoracic Surgery
Brigham and Women's Hospital, Harvard Medical School, Boston, MA

Brooke Barker, PA-C; Jason George, PA-C; Scott Schulte, PA-C;
Janean Stepinsky, PA-C; Emily Tercek, PA-C

VASCULAR SURGICAL SPECIALISTS

Our services include the Independence Health System Advanced Vein Center - an Intersocietal Accreditation Commission (IAC) accredited center to offer treatments for varicose veins, abdominal aortic aneurysm treatment, deep vein thrombosis care and endovascular surgical options. Additional hybrid vascular procedures are available including EVAR, TCAR and TEVAR, which are minimally invasive.

Eric Adams, MD
Fellowship:
Vascular Surgery
Georgetown University - Washington Hospital Center, Washington, DC

Elizabeth Detschelt, MD, FACS
Fellowship:
Vascular Surgery
Allegheny General Hospital, Pittsburgh, PA

Casey Yossa, MD
Fellowship:
Vascular Surgery
Allegheny General Hospital, Pittsburgh, PA

Lindsay Grenda, CRNP; Alyse Rettura, PA-C;
Chad Toth, CRNP

ELECTROPHYSIOLOGY SPECIALISTS

When heart rhythms are out of sync, our electrophysiologists use a variety of tests to check the electrical condition of your heart and to diagnose any problems. Treatment options often include pacemakers, implantable cardioverter-defibrillators (ICDs), or a cardiac ablation procedure. Additional structural heart procedures which take place in the hybrid OR or in the Heart Center include TAVR and Watchman which are also minimally invasive. Along with immediate treatment, ongoing support is available through the Pacemaker/ICD Clinic.

Raveen Bazaz, MD
Fellowships:
Cardiovascular Disease
Mount Sinai School of Medicine - Elmhurst Hospital Center, Queens, NY
Cardiac Electrophysiology
University of Pittsburgh Medical Center, Pittsburgh, PA

Bassel Sayegh, MD
Fellowship:
Cardiac Electrophysiology
University of Pittsburgh Medical Center, Pittsburgh, PA

Jenna Answine, PA-C; Ronald Mennow, CRNP; Chelsy Moore, CRNP
Rachel Sharan, PA-C

To schedule with a heart, lung or vascular specialist, call 724-836-1862.

MKT-5012-013/REV. 2-26

WE'RE HONORED TO WELCOME

Bob Pompeani

Bob Pompeani has been a trusted voice in Pittsburgh sports since joining KDKA-TV in 1982. Over his more than 40-year career, he has covered generations of local athletes while becoming one of the region's most respected broadcasters. Through the station's "Extra Effort"

Award, Pompeani has also highlighted hundreds of students who excel in sports, academics, and community service, reflecting his deep commitment to the community he serves.

Special thanks to Sarris Candies for their generous donation of chocolates to this evening's event.

Protect what matters most – your heart.

At Independence Health System, cardiac specialists work together across advanced diagnostics, minimally invasive procedures, and cardiac rehabilitation to deliver personalized care from an award-winning cardiac team you can trust.

Heart disease is often silent. Don't ignore it.

Call **724-836-1862** to schedule, or scan code to learn more.

Expert Heart Care. Here.

Independence
HEALTH SYSTEM

WESTMORELAND/FRICK
HOSPITAL FOUNDATION

Since its founding in 1976, the Westmoreland/Frick Hospital Foundation has proudly advanced the mission of Independence Health System and our commitment to provide “Expert Care. Here.” For 50 years, the Foundation has reflected our community’s belief that exceptional healthcare should be available close to home and accessible to all.

Thanks to the generosity of donors, community leaders, corporate partners, grateful patients, and many others, the Foundation has raised and distributed more than \$12 million to strengthen care at Frick and Westmoreland Hospitals. These gifts have supported vital improvements, advanced technology, expanded patient programs, and the dedicated physicians, nurses, and caregivers who deliver exceptional care every day.

As we celebrate five decades of impact, we honor the leaders who established the Foundation and the supporters who have carried their vision forward, ensuring our hospitals remain strong, innovative, and deeply rooted in the communities we serve.

Funds raised this evening will support our nationally ranked cardiology program, placing it among the top 2 percent in the country. Philanthropy allows us to continue investing in innovation, expanding access to advanced procedures, and ensuring world-class heart care is available right here at home.

Thank you for being part of this proud 50-year legacy and for helping shape the future of care at Independence Health System.
